

Making a Meaningful

STEWARDSHIP COMMITMENT

5% Stewardship Challenge

In a time when every dollar is precious, you may be wondering how you can be a steward of God by **RENEWING** your financial commitment to Westminster. Here are a few ways you might increase your new pledge by 5%. We hope you will be able to **REJOICE** in the difference you will make for Westminster!

- Forego dinner out one night, stay at home, cook, and donate an extra \$50 or so to Westminster. (You can expand this resolution to two (\$100), three (\$150), or four (\$200) or more nights in 2012).
- Instead of going to the movie theater, rent a movie, stay in, make popcorn, and contribute the \$35 or so to Westminster. And, you can join us at WPC Movie Nights, too! (Skip the movie theater two (\$70), three (\$105) or four (\$140) times this year).

(Don't forget to include the babysitting savings, if applicable!)

- Instead of paying full price for that great coat or newest electronic gadget, wait until it goes on sale, and donate the difference to Westminster.
- Instead of buying five books this year at Barnes and Noble or Borders, borrow them from the library and contribute \$75 to Westminster.
- My own solution: _____

If we all think creatively and give generously, we will **REPLENISH** the funds needed to meet our church needs.
