

New Online Member Access Coming Soon!

Our online member directory is not currently available, and we apologize for the inconvenience. Implementation of a new, secure online member access site is in progress! Completion is not yet determined, but we are working as quickly as possible and appreciate your patience during the transition. In the meantime, if you are a Westminster member and need contact information for another member, please reference your pictorial directory or contact Mary Clark, Office Assistant for Data and Archives, at maryclark@wpc.org. If you need to update the contact information in your church record, Mary can assist with that as well. Thank you.
